Let the fighting young enjoy a clean life comfortably ▸
GIVE YOURSELF
GIVE YOURSELF AN AIR PURIFIER
P08S DURING THE WAY TO SUCCESS
YOUNG
YOUTHFUL
CANSCORP

IN THE MOOD FOR LOVE IT SHOULD NOT BE TIED UP WITH AIR POLLUTION

NO PURIFY, DIRTY AIR WILL STAY IN YOUR LUNGS

You breathe about 25,000 times a day

Allergens Viruses
Fungus
TVOC
Smog dust
Dust mite antigen
Viruses
Smog dust
PM2.5
Bacterium
PM2.5
Lampblack
Dust
Formaldehyde
Fungus
Molds
Lampblack
Second-hand smoke
A virus
Dander

HARMFUL VOCS WILL STAY INDOORS ABOUT 3-8 YEARS!

What does indoor pollution bring us?

Fetal malformation
abnormal fetal development

Asthma, lead poisoning, leukemia

Mental stunting, low immunity

Sub-health symptoms

Lung cancer, NPC, colon cancer

BREATHING IS PRICE
HEALTH IS PRICELESS

IN THE AGE OF DREAMS / YOU SHOULD BE RESPONSIBLE FOR YOUR OWN BODY

Air Purifier P08S ---Purify many kinds of harmful substances fast

8888
CANSCORP
UV

FULL OF YOUTHFUL SPIRIT
AS THE SUN RISING IN THE EAST

The features of a simple geometric figure, stands for modern elegance.
The circle shows up from the right (east), increases air quality display lights around it,likes a beautiful sunrise.

8888
CANSCORP

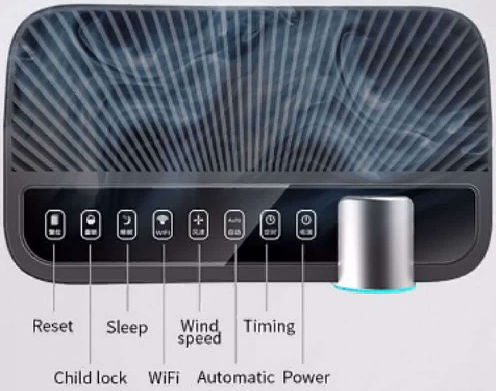
CANSCORP

VISUAL DIVERGENCE AND AGGREGATION

The top outlet grid is shown in the form of sunlight, increases the visual divergence effect
Simple operation interface, is clear at a glance
Plating bright lines around, sets off the whole sense of reality of the top



Reset
Sleep
Wind speed
Timing
Child lock
WiFi
Automatic
Power

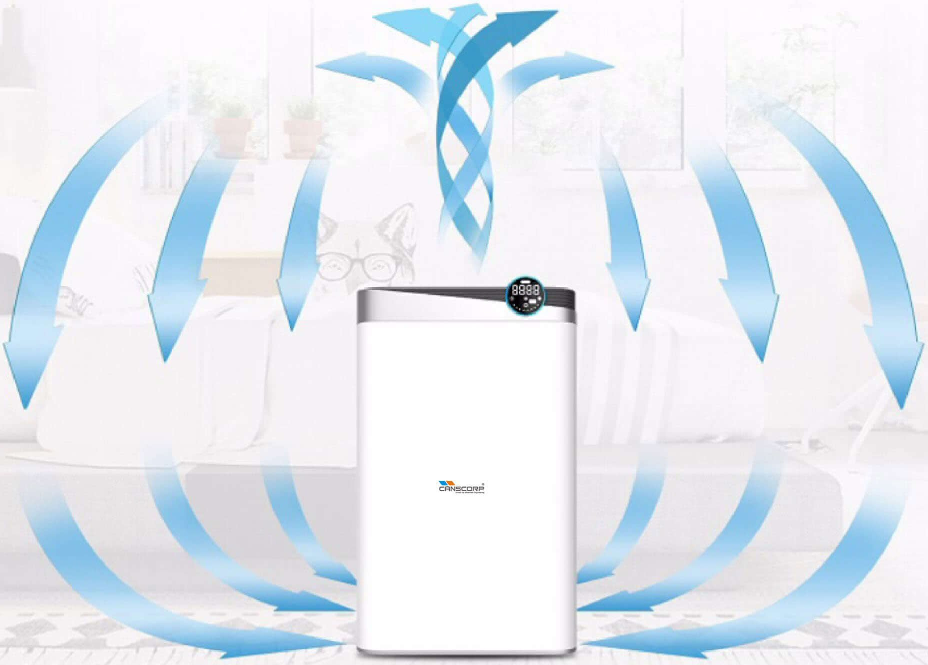
SIMPLE AND ELEGANT, SCIENTIFIC AND MODERN

Young and flexible lines, likes leaping on the ground, so smart gesture

SMALL SIZE-GREAT EFFICIENCY

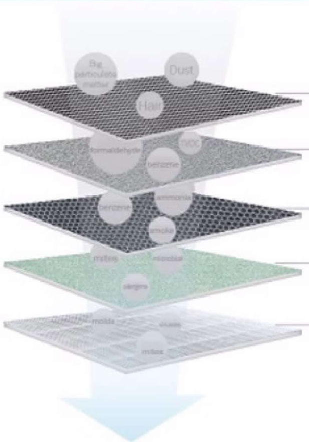
Application area 31-54m²

- **Full** | 488m³/h, particulate matter CADR value
- **Fast** | 9min/time, 20㎡ room purification
- **Comfortable** | a good angle of human breath



5-LAYER FILTERS, THOROUGH PURIFICATION

YOUTH MUST STAND UP TO THE TEST



Big particulate matter
Dust
Hair
formaldehyde
TVOC
benzene
benzene
ammonia
smoke
mites
microbial
allergens
molds
viruses
mites

1st: Dust-collecting alloy recombined filter net
Multi-layer corrugated aluminum mesh, filtering hair, dust, big particulate matter, can be washed many times.

2nd: Cold catalyst filter net
Adsorb and decompose formaldehyde, benzene, TVOC, valid for up to five years

3rd: Beehive activated carbon filter net
Highly efficient catalyst activated carbon, adsorbs bad smells, decomposes formaldehyde, benzene, ammonia, second-hand smoke fast

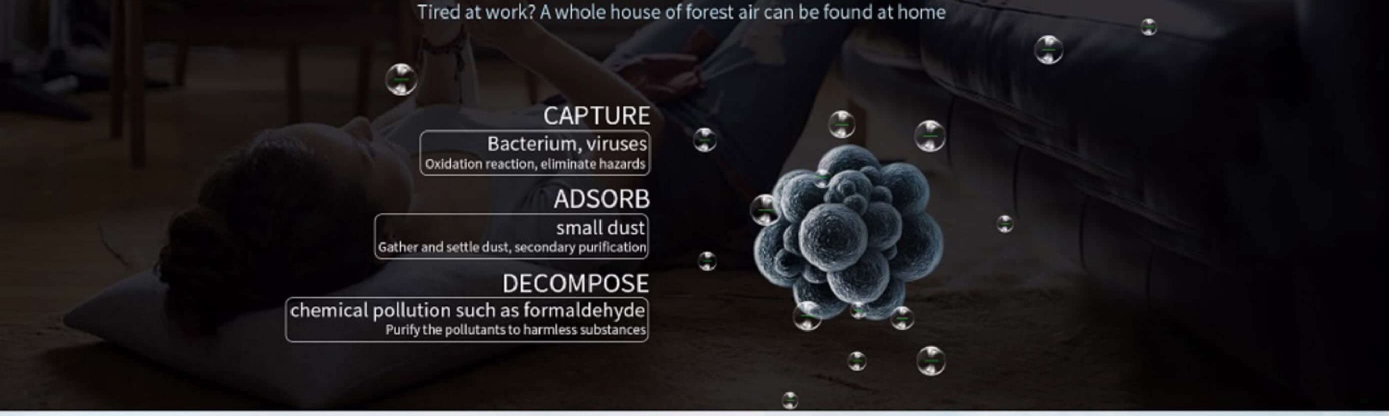
4th: Antibacterial cotton filter net
Diameter fiber non-woven fabrics, are antibacterial moisture-proof and mildew-proof, killing mites and bacteria

5th: HEPA Highly efficient filter net
New highly-releasing air purifying materials, eliminate molds, dust, allergens and viruses

10 MILLION/CM³ ECOLOGICAL NEGATIVE IONS, FULL STERILIZATION

ALL THE TROUBLES CAN ALSO GO OUT

Tired at work? A whole house of forest air can be found at home



CAPTURE
Bacterium, viruses
Oxidation reaction, eliminate hazards

ADSORB
small dust
Gather and settle dust, secondary purification

DECOMPOSE
chemical pollution such as formaldehyde
Purify the pollutants to harmless substances

8888
CANSCORP

STERILIZATION RATE ≥92%

HEALTHY AND VITALITY IS YOUNG

UV sterilization, fight the virus out thousands of miles away
keep you young and healthy

365 nanometer wavelength ultraviolet destroy cell tissue,
crack the molecular bond of odorous gases and bacterium and viruses,
combine free state contaminant molecules and ozone oxidation into harmless small molecule.

PUT ASIDE THE TEDIOUS AND COMPLEX, I LOVE YOUTH AND QUIET

QUIET OPERATION, PROMISE A QUIET AND GOOD SLEEP

Both-side air inlets design	Brush-less DC Motor	The nighttime sleep pattern
High purification efficiency / Low noise	Powerful / Running powerfully	Turns down the wind speed / Reduce noise level
