

**CNS1408 PROFESSIONAL FULL-RANGE ARRAY SPEAKER**

# TECHNICAL DATA SHEET

## **DESCRIPTION:**

This product is a high-end high-quality medium and high frequency passive line array speaker. It is characterized by excellent radiation characteristics, clear and delicate sound, and strong sound penetration. Also, it has high sensitivity and high sound pressure level.

## **FEATURES:**

- High-end high-quality medium and high frequency passive line array speaker.
- With excellent radiation characteristics, clear and delicate sound, and strong sound penetration.
- With high sensitivity, high SPL., easy to install.

## SPECIFICATIONS:

| Model                 | CNS1408                    |
|-----------------------|----------------------------|
| Frequency Response    | 65Hz-18KHz                 |
| Rated Power           | 200W (AES)                 |
| Sensitivity (1W/m)    | 95±2dB                     |
| MAX. SPL.             | 118±2dB                    |
| System Components     | 8 woofer×1, 1.75 tweeter×1 |
| Rated Impedance       | 16                         |
| Radiation Angle (H×V) | 100°×10°                   |
| Color                 | Black                      |
| Net Weight            | 17.5kg                     |
| Dimensions (H×W×D)    | 210×530×340mm              |
